

HATFIELD TOWNSHIP

NON-RESIDENTIAL USE & OCCUPANCY PERMIT APPLICATION

A Certificate of Occupancy is required for all new construction, change of use, change of occupant (tenant changes), and resales of non-residential buildings/facilities within Hatfield Township. Separate applications are required for each tenant space.

PART I – Location of Property – Complete address including city, state and zip code must be provided on all applications.

PARTS II thru XI – Complete every section.

PART XII – Sign and date application. If property resident is not the owner of the property, a notarized statement indicating the owner's approval of the proposed construction must be submitted with the application. Provide phone numbers where property owner/resident and or Applicant may be reached on the day of the inspection.

SPECIFICATIONS

- Permit needs to be submitted prior to final construction inspection if new construction or tenant fit out.
- Someone (18 years of age or older) must be present at the time of inspection.
- Complete signed sewer permit by Hatfield Township Municipal Authority (see attached).
- Complete Police Emergency Contact list (see attached).
- For on-site septic systems, a certified inspection report within 2 years of application date must accompany this application.
- For new construction or tenant fit out, Certificate of Occupancy will not be issued until as built plans in .pdf format on one (1) CD is received.
- If an inspection fails twice for the same code violation, a reinspection fee will be required prior to a third inspection.

ADDITIONAL INFORMATION

FEES – Permit fees must be submitted with a completed permit application. If paying by check, please make check payable to “Hatfield Township”.

INSPECTIONS – Receipt of a Certificate of Occupancy is contingent upon the results of an inspection of the building/facility by the Building Code Official and/or Fire Marshal. Responsibility for notification for inspections lies with the owner or applicant.

INSPECTION CHECK LIST

The validity of the Certificate of Occupancy is contingent upon compliance with all Hatfield Township codes, ordinances and the Pennsylvania Uniform Construction Code. The property owner is responsible for compliance.

NON-RESIDENTIAL INSPECTIONS: Should any of the listed items below not be in compliance, a certificate will not be issued and a re-inspection will be required. After three re-inspections an additional fee may be required.

- Fire alarm and detection systems must be operational and proof of annual inspection and testing must be provided.
- Fire suppression systems must be operational and proof of semi-annual or annual inspection and testing must be provided.
- All fire extinguishers must be operational and the annual inspection tags must be attached to each extinguisher.
- A Knox Box (fire department key box) must be installed if the building has a fire alarm or sprinkler system. Contact the Fire Marshal for additional information.
- The attached Fire and Emergency Information Form must be completed and available at the inspection.
- All fire rated doors and assemblies must be operational and free of defects or damage.
- All required exit signs and emergency lighting must be provided and operational.
- The street number must be displayed on the building or sign and clearly visible from the street. Numbers must be a contrasting color from the background and a minimum of 6 inches high.
- Suite numbers must be displayed above the main entrance door and on the rear door(s) in any multi-tenant building. Contact the Fire Marshal for additional information.
- All electrical wiring and equipment must be operational and free of defects. Cover plates must be in place at all switches, outlets and junction boxes. Wire splices must be within approved junction boxes.
- All circuit breaker/fuse box(s) must be properly secured and free of openings. A cover plate, breaker or fuse must fill every opening.
- All interior wall surfaces must be free of openings or damage.
- All exterior walls, glazing and roof surfaces must be weather tight and free of openings or damage.
- Handrails and/or guardrails must be provided at all stairs, decks and walking surfaces > 30 inches above grade.
- All plumbing fixtures must be operational with appropriate signage in place.
- Hot water heater/boiler pressure relief valves must be provided and terminate within 6 inches of the floor.
- Functioning windows or operational mechanical exhaust fans must be provided in all bathrooms.
- Sump pump discharge must be to the exterior of the building and may not discharge into the sanitary sewer.
